

the big picture gallery

it's all about the image

The big picture gallery also prints your own favourite images as a photo reprint, large poster or canvas.

We pride ourselves on providing quality rather than economy to the same high standards as our gallery exhibits.

How to Order Your Canvas or Print

- Simply email your image and contact details to info@thebigpicturegallery.com or post your picture and we will scan it for you.
- Upon receipt of your order we will confirm the price and expected despatch date by return.
- Acceptable file formats: JPEG, TIFF, BMP, and PNG (file type need to be equal to or above 500kb .JPG).
- The following enhancements are also available: Colour Enhance, Red Eye Removal, Dust & Scratch Removal, Date stamp Removal, Photo Restoration, Black & White, Sepia and Collage.
- Select from the following edge (wrap) styles: white, black, colour match, photo edge or mirrored photo edge (for 'photo edge' option, 2 inches of you image will be wrapped around the edge. Do remember that there is always a slight danger of losing an important part of the image, but if we feel this is going to happen we will let you know before we do it.)
- Your canvas will be ready for despatch within 2 working days of receiving confirmation of your order. This allows time for the varnish to harden before it is packaged.
(Once printed, an order can only be refunded if it was received damaged during transit.)

Need a specific size?

Simply email your requirements and your image to info@thebigpicturegallery.com for a quotation.

Maximum canvas size available is 40" x 72" (please ask for quotation for sizes not listed below)

Print Services

- We take our time making sure each canvas is carefully hand stretched and finished to the same high standards as our gallery exhibits.
- Your image is personally checked and prepared by the big picture gallery's professional photographer to ensure the image is suitable for printing. You will be fully consulted before any printing takes place if an image is unsuitable for the format or size you have requested.
- We also restore badly damaged prints or faded photographs.
- Every canvas is varnished with at least 2 coats of Allure matte water based and odourless veneer giclee varnish to protect your image against moisture and sunlight.
- We print from a 44" HP Designjet Photo printer which allows a maximum canvas size of up to 40" x 72".
- We use 100% bright white cotton inkjet canvas providing neat corners and tighter stretching.
- Our frames are made of 38mm thick pine gallery bars perfectly milled and slowly machined to make the perfect canvas frame.
- All canvasses are white taped on the back and come complete with a hanging kit.
- Each corner is finished with a tough plastic canvas tightening wedge providing better tension.
